

Dishwashing Racks

Plastic Dish Racks

The TR-3 all-purpose rack, shown, accommodates cups, bowls, saucers, plates, glasses and trays. Vertical racking gives it a large capacity.

Open Plastic Racks

Open plastic racks come in several styles: a combination rack, shown, with a line grid for silverware, cups, bowls and glasses; full-size and half-size cup and bowl racks, and full-size and half-size glass racks.

Compartmented Glass Racks

Plastic compartmented glass racks are available in models to fit every style and size of glass. They have a unique modular design—risers can be added to make the racks as high as needed. All racks stack for convenient storage and transportation, with weight on the rack, not on contents (25 compartments).

Compartments	Overall Size	Compartment Size
25	19 ⁵ / ₈ " Sq.	3 ¹ / ₂ " x 3 ¹ / ₂ " x 1 ³ / ₄ "
36	19 ⁵ / ₈ " Sq.	2 ⁷ / ₈ " x 3 ¹ / ₂ " x 1 ³ / ₄ "

PCB-8

Plastic Silver Racks & Cylinders

Plastic Silver Racks

Compartmented silver racks have eight compartments. Handles fold down when racks are not being carried.

Plastic Silver Cylinders

Made of high-impact polypropylene, each cylinder can hold up to 40 pieces of flatware.

Available in stainless steel (CYLM only).

CYLM

Dishwashing Detergents

Machine

SUPER WASHMASTER Machine Dish Detergent

Low Phosphate with Chlorine Added
Septic Tank Safe

A WESTEX First with Super Features!

A high grade, low foaming powder specifically formulated for heavy duty dishwashing at camp.

Packed: 100 lb. drums

COMPLETE Machine Dish Detergent and Rinse Aid

COMPLETE is a chlorinated defoamed machine dishwashing detergent **and** rinse aid in one product. This detergent completely **eliminates the necessity of a rinse aid and injector.**

Packed: 36-1½ lb jars/case

“SANI SAFE” LITMUS PAPER KITS

Sanitizing Test Papers
For Accurate “chlorine” and “Quat” amounts

- For chlorine sanitizers
- For Quaternary ammonium compounds “QUAT”

Sold: by the roll

LIME SCALE REMOVER

Phosphoric Acid

Removes calcium and lime deposits from dishwashing machines, coffee urns, steam-tables, drinking fountains, in addition to all stainless steel, aluminum, cement or tile surfaces.

Should be used weekly.

A must in hard water areas.
Easy to use. Drain safe.

Sold: by the gallon

SPEC-DRI

For Instantly Dry, Spot Free, Gleaming Dishes,
Glasses and Silverware

Packed:
5 gallon containers

Spec-Dri is a specially formulated wetting agent that eliminates surface tension from dishes, etc. and allows all the water to drain off very quickly. Eliminates special handling of silverware and dishes, and assures spot-free glasses, silver and dishes. Avoids kitchen jam-up waiting for dishes to dry. **A must for Camps using plastic dishes.**

PURE POWER

Chlorinated Automatic Dishwasher Detergent

Automatically meters out the correct amount of detergent.

No guesswork
No problems = Clean dishes
