Plastic Stacking Chairs

A WORD OF ADVICE:
CHOOSE A COLOR YOU REALLY LIKE...
THESE CHAIRS ARE GOING TO LAST A LONG, LONG TIME!

MODEL 9000

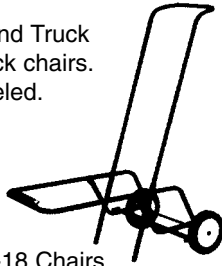

Colors: Wine, Navy, Black, Red, Forest Green

- All-welded steel frame has a back support tube around the sides and top of the shell for maximum strength
- Anti-static plastic shell is textured to promote good posture
- Shell has a flange around edge and support ribs for extra-reinforcement
- Color is evenly dispersed throughout the plastic for a long-lasting appearance
- Cushioned swivel glides are durable and allow for quiet movement

Chair Truck / Hand Truck
 for universal stack chairs.
 Standard 2-wheeled.

Charcoal Black

Carries 8 #9000-18 Chairs

Mobile Tables

The **Westex Mobile Tables** provide state of the art construction and versatility. **Only 15" is needed for storage when nested.**

All tables are made with extra heavy 14 gauge tubing and are torsion bar balanced. One person can easily operate, and, our heavy duty casters come completely off the floor, making cleaning safe and easy. Available in 3 convenient sizes.

Folding Benches

Heavy gauge legs

Available in 6' and 8' lengths, 18" high.

Folding Chairs

When Quality Counts!

Practical, economical and durable, Westex's folding chairs are designed to fit your needs. Strength is obtained from the 7/8" tubular steel frame.

Model 162 – Mocha, Golden Bronze, Silvermist or Charcoal Black

Model 167 – Extra Leg Brace
Golden Bronze

Model 168 – Vinyl Seat and Back Pads
Brown Vinyl/Mocha Frame
Silvermist Vinyl/Silvermist Frame

Link straps of embossed 14-gauge steel ensures positive frame alignment.

Contoured seat has rounded edges for added comfort.

Curved U-braces are riveted to both front and rear legs for maximum lateral support.

Non-slip polyethylene leg caps.

Folding Tables

- **Stronger** than conventional steel top supports found on other folding tables
- **Safer** to carry and set-up with a smooth, rounded steel apron edge that protects against cuts and scratches.
- **Stackable** with protective molded corner supports. Tables can be slid over each other without scratching the top surface

High density laminated plastic top

- 3/4" particleboard top surfaced with high-density, laminated plastic

COLORS:

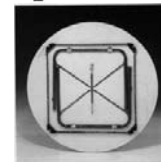

Charcoal Black frame with Walnut top
Charcoal Black frame with Gray top
Charcoal Black frame with Med. Oak top

Check out these quality features offered on *all* models
